SUMMARY

Aspiring Full Stack Developer with hands-on experience in building responsive and scalable web applications using the MERN stack. Skilled in frontend development with React.js and backend development using Node.js, Express.js, and MongoDB. Strong foundation in REST API integration, authentication systems, responsive UI development, and modern web technologies with a passion for developing efficient and user-friendly applications.

EDUCATION

Vardhaman College of Engineering, Hyderabad B.Tech in Information Technology	2024 – 2027 CGPA: 9.1/10
TRR College of Engineering and Technology Diploma in Computer Science & Engineering	2021 – 2024 CGPA: 9.53/10
TTWURJC Mudhole Secondary Education (X)	2021 GPA: 10/10

TECHNICAL SKILLS

Programming Languages:	Python, JavaScript
Backend Development:	Node.js, Express.js, REST APIs, JWT Authentication, CRUD Operations
Frontend Development:	React.js, HTML, CSS
Database Technologies:	MongoDB, SQL
Tools & Platforms:	Git, GitHub, Postman, Render, Vercel
Other Skills:	Problem Solving, DevOps Fundamentals

EXPERIENCE

Web Development Intern Axlero Innovative Solutions (Remote)	Jul 2026 – Present
- Developing responsive and scalable web applications using HTML, CSS, JavaScript, React.js, and modern web technologies. - Building and integrating RESTful APIs while collaborating with backend developers to deliver end-to-end features.	
Full Stack Web Development Intern Elevance Skills	Dec 2025 – Mar 2026
- Worked on project-based full-stack web development using modern frontend and backend technologies. - Developed responsive web applications and gained practical exposure to API integration and database connectivity. - Collaborated on real-world development workflows and software development best practices.	
Industrial Trainee SV Global Services India Pvt. Ltd., Hyderabad	Nov 2023 – May 2024
- Acquired practical knowledge of AWS cloud services and DevOps fundamentals. - Learned deployment workflows, cloud infrastructure basics, and system management concepts. - Recognized for dedication, consistency, and strong work ethic during the training period.	

PROJECTS

Task Management System (MERN Stack)

- Developed a full-stack Task Management System with secure JWT authentication and role-based access control.
- Built RESTful APIs using Node.js and Express.js with complete CRUD functionality for task management.
- Implemented separate Admin and User dashboards with protected routes and authorization middleware.
- Integrated MongoDB Atlas for cloud database management and deployed the application using Render and Vercel.
- Added Postman API documentation and scalable backend architecture using controllers, middleware, and modular routing.
- Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, Render, Vercel.

Recipe Planner and Meal Saver (MERN Stack)

- Built a full-stack web application for recipe management and personalized meal planning.
- Developed REST APIs using Node.js and Express.js for handling recipes and nutrition data.
- Integrated MongoDB database for efficient storage and retrieval of application data.
- Implemented PDF export functionality and responsive user interface design.
- Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, Render, Vercel.

Brick Breaker Game (Python GUI)

- Developed an interactive desktop game with scoring system, collision detection, and restart functionality.
- Implemented core game logic and event handling using Python GUI libraries.

3D Scientific Calculator (HTML, CSS, JavaScript)

- Designed and developed a responsive scientific calculator supporting arithmetic and advanced mathematical operations.
- Created interactive UI animations and optimized user experience using JavaScript and CSS.
- Tech Stack: HTML, CSS, JavaScript

CERTIFICATIONS

- Oracle Certified Foundations Associate — Oracle University (July 2026)
- AWS Cloud Practitioner Essentials — AWS (Feb 2026)
- SQL (Advanced) Certificate — HackerRank (Feb 2026)
- Introduction to Cloud Computing Certificate — Infosys Springboard (March 2026)
- Software Engineer Intern Role Certification — HackerRank (Dec 2025)
- Frontend Developer (React) Role Certification — HackerRank (Dec 2025)
- Web Development with AI — Internshala
- Prompt Engineering — Infosys Springboard (July 2025)
- Python Essentials 1 — Cisco Networking Academy

ACHIEVEMENTS

- Top Performer — Internshala Prompt Engineering Program (95%)
- Successfully completed multiple coding and technical skill certifications on HackerRank.
